

January 4, 2023:

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2021-22 educational progress for Warren Woods and our schools. The AER addresses the complex reporting information required by federal and some requirements of state laws. Our staff is available to help you understand this information. Please contact Kara Beal, Director of Curriculum for help if you need assistance.

The DISTRICT AER is available for you to review electronically by visiting the following website [WWPS ANNUAL EDUCATION REPORT](https://www.warrenwoods.misd.net/annual-education-report), or you may review a copy in the main office at your child's school. Each school will also be communicating their own AER to parents directly.

These reports contain the following information:

#### **Student Assessment Data**

- Includes the following three assessments: M-STEP (Michigan Student Test of Educational Progress), MI-Access (Alternate Assessment), and College Board SAT
- Presents assessment information for English language arts and mathematics for grades 3 to 8 and 11, and MI-Access science for grades 4, 7, and 11, compared to state averages for all students as well as subgroups of students.

#### **School Accountability Data**

- Includes information on schools' performance on various measures such as student proficiency and growth on state assessments, graduation, and attendance rates. Performance is measured on 0-100 index scales
- Reports schools identified under three federally required categories for further support: Comprehensive Support and Improvement, Targeted Support and Improvement, and Additional Targeted Support

#### **Educator Qualification Data**

- Identifies the number and percentage of inexperienced teachers, principals, and other school leaders
- Reports teachers who are teaching with emergency or provisional credentials
- Includes teachers who are not teaching in the subject or field for which they are certified

#### **NAEP Data (National Assessment of Educational Progress)**

- Provides state results of the national assessment in mathematics and reading every other year in grades 4 and 8

#### **Civil Rights Data**

- Provides information on school quality, climate, and safety

Review the table below listing our schools. For the 2022-23 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds

Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2021-22. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2021-22. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2021-22. Some schools are not identified with any of these labels. In these cases, no status label is given.

School Name	Status Label	Key Initiative to Accelerate Achievement
Briarwood Elementary	No Label	Continue School Improvement Plan
Pinewood Elementary	No Label	Continue School Improvement Plan
Westwood Elementary	No Label	Continue School Improvement Plan
Warren Woods Middle School	No Label	Continue School Improvement Plan
Warren Woods-Tower High School	No Label	Continue School Improvement Plan
Enterprise High School	Alternative - No Label	Continue School Improvement Plan

As I reflect on the 2021-2022 school year, I continue to be in awe of the strength of our community. We continued to provide robust in-person instruction to help our students recover losses from the pandemic. I continued to be honored and humbled to be a part of the Warren Woods Team of professionals who are dedicated to ensuring the individual success of all students. Our team is committed to high quality professional development which is targeted to enhance our Tier-One classroom instruction throughout the district. I know our staff is willing and able to implement this new learning to benefit all students. I encourage you to contact your child's principal to find out how you can get involved in the school improvement process at your child's school.

Sincerely,

Stacey Denewith-Fici  
Superintendent
