

WARREN WOODS PUBLIC SCHOOLS ASTHMA EMERGENCY PLAN

Student Name:	Birthdate:	Grade:	School Year:	
Asthma Triggers (exercise, foods, cold, etc.)	:			
quipment (check all that apply): Med	dicationInhaler	SpacerNebuliz	erPeak Flow Met	
Note: By signing this form, if the stude	nt will be carrying an inhaler,	the school office will be sup	oplied with a backup inhale	
sthma Severity Classification: Int	_			
	_	\neg		
He/She has had many asthr	ma attacks/exacerbations L	☐ He/She has had severe ☐ He/She had	e attacks/exacerbations	
Curry 7ana - Daina Wall	[
Green Zone - Doing Well	Control Medication	How Much/Number of Puffs	How Often/When	
You have all of these:		OI Fulls		
Breathing is good				
No cough or wheeze				
Slept through the night				
Can work and play				
Yellow Zone - Caution		es before activity/when you	u feel you need it (circle one	
You have any of these issues:				
First signs of a cold	Medication	How Much/Number	How Often/When	
Exposure to known trigger		of Puffs		
Cough and/or cough at night				
Mild wheeze, tight chest				
	Signs of an Asthr	ma Emergency:		
Red Zone - Danger	No improvement 10-15 minutes after medicine			
Your asthma is getting worse, fast:	Breathing difficulty gets worse			

- -- Medicine is not helping
- --Breathing is hard and fast
- --Nostrils are opening wide with breaths
- --Trouble speaking

Breathing difficulty gets worse

Skin pulls in around the collarbone or ribs with each breath

Looks anxious, frightened, or restless

Trouble walking, talking, or is hunched over

Lips or nail beds are blue or gray

Call 911 and Parent/Guardian – Start CPR if breathing stops

Signs of an Asthma Attack:

Wheezing Prolonged coughing Inability to speak full sentences

Shortness of breath Chest tightness or pressure Only able to whisper

Difficulty breathing Appears anxious Feels the need to stand or lean over at the waist

Action:

- --Allow student to use his/hers medication as ordered
- --Use a spacer is provided for a metered dose inhaler
- --Be sure to wait 1-2 minutes before a second puff of the inhaler
- --Remain calm and encourage slow, deep breaths
- --Breaths should be in through the nose and out through puckered lips
- -- Have the student sit upright
- --Stay with the student until they are breathing normally
- -- Call the parent

If no medication available:

- --Remain calm
- --Stay with the student and continuously observe them
- --Notify parent to provide medical care
- --Call 911 as indicated in "Red Zone"
