Return to School Survey

As promised, here is the link to our "Return to School" survey for parents:
https://www.research.net/r/wwpsparentre-openingsurvey
Our plan is to gather this information now and then again closer to the end of summer. Please take the time to provide us your feedback so we can use that in our planning. We intend to put together a survey for our secondary students so we can incorporate their feedback in our design as well. As always, you can also email or call me or any other Warren Woods Administrator.

Progress on the plan for 2020-20201?

As I mentioned last week, we are developing, with the Macomb Intermediate School District and other districts in Macomb, a variety of plans and options for families. We also know that there is a group at the State level, led by our State Superintendent, who is also developing guidelines for us. We know that there are many variables that will have to be taken into consideration and those variables will need to be adapted as the health situation fluctuates.

In the meantime, we are working hard on protocols for a variety of scenarios. As a mom, I know that you have many questions. I know some of you need your kids back in our buildings so you can go to work. I know some of you have personal medical concerns that make you want to keep your kids home. As an educator, I know that there is no better place for our students to learn than in our buildings working face-to-face with our staff. I am also realistic enough to admit that for some of you, you might not be ready for that by the end of August. In addition to whatever face-to-face, or hybrid options we are able to have, we WILL have a completely virtual option for families that need it. We want to make sure that you keep your children's connections to Warren Woods, the district they call home, with access to all the wonderful opportunities, activities, clubs, etc. that make Warren Woods a wonderful place for children. If this is an option you are interested in, please visit: https://www.warrenwoods.misd.net/academics/virtual-options/ I will continue to keep you updated as we develop our plans.

As always, I look forward to the day that we can all be together again.

Sincerely,

Stacey Denewith-Fici
