Warren Woods Public Schools will update this COVID-19 Dashboard graphic each school day to keep our community informed.

When WWPS officials receive notification of a positive case, they connect with the Macomb County Health Department (MCHD). MCHD and district administrators do contact tracing and directly notify those in close contact with the person. Due to regulations, including the Health Insurance Portability and Accountability Act (HIPAA) and Family Educational Rights and Privacy Act (FERPA), no personal information will be given.

Cumulative data is from the first day of in-person school: September 7, 2021.

*Depending on timing, quarantine may have been identified and completed during the break and there may or may not be carryover.
