How to add network printers from other buildings

1. Go to bottom left hand corner of screen and hit start menu.

4. after install, you should see box below. Just close and you are all set.

A Network Munishr								
			_		\times			
4	Printer Document View							
	Document Name	Status	Owner	Pages	Size	Sub	mitted	2
	<						>	
			-					
	This DC							

3. double click printer you need and wait for it to install.
