

January 28, 2021

Dear Student:

Believe it or not, we are about to start scheduling for the 21-21 school year. In addition to the Advanced Placement (AP), early and middle college high schools, and career and technical preparation enrollment options that are listed in the Warren Woods Tower [Course Description Booklet](#) and the Southwest Macomb Technical Education Consortium (SMTEC) course description [Program Offerings](#), we also have Dual Enrollment opportunities for students.

Effective April 1, 1996, Public Act 160 and Public Act 258 of 2000, created the Postsecondary Enrollment Options Act, commonly referred to as dual enrollment. This law directs school districts to assist students in paying tuition and fees for courses at Michigan public or private colleges or universities. The following are some of the eligibility guidelines/standards:

1. Students in grades 9 through 12 may take up to ten postsecondary courses.
2. For the 2020-2021 school year, students may qualify with a GPA of 2.5 or higher.
3. In addition, students can qualify for dual enrollment by taking one of the following assessments: PSAT, PLAN, EXPLORE ACT, or MME. The attached table shows the complete list of scores that help to qualify students for dual enrollment.
4. 388.155 Rule 5 (2) The acts do not prohibit a district from supporting any pupil regardless of eligibility under these acts. A district may elect to support college level courses or career preparation courses for any pupil if it is in the best interest of the pupil.
5. Students must be enrolled in both the eligible school (public or private) and eligible postsecondary institution during the local school's regular academic year and must be enrolled in at least one high school class.
6. The college courses cannot be a hobby, craft, or recreation course, or in the subject areas of physical education, theology, divinity, or religious education.
7. School districts are required to pay an amount equal to the prorated percentage of the statewide pupil-weighted average foundation allowance, based on the proportion of the school year that the eligible student attends the eligible postsecondary institution. Eligible charges include tuition and mandatory course fees, material fees, and registration fees required by an eligible institution for enrollment in the course. Eligible charges do not include transportation or parking costs or activity fees.

Please review the contents of this letter with your parents. If you believe you are eligible for dual enrollment, qualify for tuition and fee support, and wish to participate, contact your counselor.

Sincerely,

Michael Mackenzie  
WWT Principal
